

My name is Willie McCutcheon I am a level 2 game angling coach and a level 1 coarse angling coach.

Over many years I have developed my coaching skills working with children and adults alike, I often work with Jim Mathew in various school projects with the purpose of introducing and developing youngsters in angling.

Whilst I enjoy coaching very much, my first love and main speciality lies in fly tying; I attend and often teach all aspects of fly tying at the Fly Dressers Guild.

I often by request do fly tying demonstrations traveling the length and breadth of country. In my demonstrations I like to keep alive traditional patterns and techniques used to tie traditional flies.

**Every month commencing March Willie will tie a traditional fly accompanied with a full description and explanation of tying materials. If there is any particular traditional fly you would like tied, just let me know.**
